Lowell Forest BINGO

This tiny forest was planted by community volunteers in October 2024. Using the Miyawaki method of planting many trees in a small space, the forest provides shade and habitat for native insects and birds.

Which of these items can you spot in or around the forest?

 shadow	 road	 flower	 cloud	 sparrow
 brown leaf	 log	 cardinal	 fence post	 grass
 goldfinch	 sidewalk	 FREE SPACE	 chickadee	 green hose
 flower pot	 bluejay	 school	 number sign	 sign board
 wood chips	 small tree	 car	 mockingbird	 spigot

This is a song about the Miyawaki Forest
at JR Lowell Elementary School.
Tune: Twinkle Twinkle Little Star

Mini-forest,
many trees!
Maples, oaks,
and hickories.

Watch them grow
from low to hi-i-igh,
reaching branches
to the sky-y-y.

Mini-forest,
many trees!
Maples, oaks,
and hickories ...

... and six-ty more spe-cies!
